PrEP Navigation Program

Intake

- Complete intake form
- Client education about PrEP (PrEP 101)
- Determine eligibility according to the CDC Risk Assessment form
- Determine insurance/health plan coverage

PCP

- Connect to Prescribing Physician (DelawarePrEP.org), PPDE, or Patient's PCP if desired
- Assist them in scheduling if desired and offer to accompany them

Labs

- Lab work - give the client LabCorp test slip (Consortium grant funded), making sure the client knows they are to use LabCorp only
- Facilitate getting lab results to prescribing physician if needed.

Meds

- Enroll the client in a medication assistance program (Gilead et al)
- If uninsured, direct to major pharmacy chain for participation in "Ready set PrEP" program.

F/U

- Contact client 30 days later to see if they have completed process.
- Contact client 90 days later to see if patient is medically adherent.
- Offer in-home HIV test kit
